

Planning Your Gift

How can you use your resources to sustain and grow the ministry we share? We invite you to give thoughtfully and generously!

- Calculate the percentage of your income you gave to others in 2022. Can you maintain or increase that for 2023?
- Consider the value of this community and its ministry. Compare what you give to WCUC on a monthly basis to other regular costs in your life (memberships, classes, a night out). How could you reflect your values in your spending?
- Be inspired by other givers at WCUC who give generously from many income levels:

Yearly Giving Commitments for 2022
